Application as direct exhibitor (please complete in detail or mark as applicable) and acceptance of the conditions for participation

1. We order stand space in exhibition halls.

For rentals and specifications see item 7 of the Special Conditions for Participation. We desire the following type of stand and stand space (dimensions in meters only, minimum stand space **12 m²**):

Front _____ m Depth _____ m Area _____ m²

- | | | | | |
|--------------------------|--|---------------|----------------|------------------------|
| <input type="checkbox"/> | | In-line stand | (1 side open) | EUR 189/m ² |
| <input type="checkbox"/> | | Corner stand | (2 sides open) | + 10% |
| <input type="checkbox"/> | | Head stand | (3 sides open) | + 20% |
| <input type="checkbox"/> | | Block stand | (4 sides open) | + 30% |

2. We agree to erect 2.50 m high stand partitions on all closed sides of our stand space and to lay floor covering.

- We will use **our own** stand material or appoint **our own** stand construction firm.
- We need a **complete rental stand** from a ServicePartner of NürnbergMesse (see following order forms and item 8 of the Special Conditions for Participation).
- We need **stand partitions** from NürnbergMesse and will order these later using the Online Service Centre.

- #### 3.
- We need compressed air supply.
 - We need water supply/drainage.

**This information is needed for allocating the stand space.
We will place the actual order later using the Online Service Centre.**

- #### 4.
- We would like the same stand position as at TechnoPharm 2010 (without legal claim).

- #### 5. We would **not** like our exhibition stand to be situated next to the following companies (without legal claim):

- #### 6. Main product group: (Please enter only **one** of the product groups 1–9!)

- #### 7. We will enter our exhibited articles and/or services on form B and C. Our entries will be published in the print exhibition catalog and industry platform www.ask-TechnoPharm.de.

- #### 8. We will offer the following products and/or services (keywords only). The entries will be published in the print exhibition catalog:

(English) _____

(German) _____

- #### 9. We agree to purchase the print communication package at a price of EUR 375 plus VAT at the statutory rate¹ (see item 15 of the Special Conditions for Participation).

- #### 10. We agree to purchase the online communication package (basic entry) at a price of EUR 350 plus VAT at the statutory rate¹ (see item 16 of the Special Conditions for Participation).

¹ The 2010 VAT law currently applies pending possible VAT changes with effect from 1.1.2011. In accordance with Art. 3a, Para. 3, No. 3a of the German VAT Act (UStG), the place of supply of the miscellaneous service is Germany. Should an amendment to the VAT Act cause a change in the place of supply of the miscellaneous service with effect from 1.1.2011, the invoices would have to be adapted to the law in force at that time.

We accept all items of the enclosed Special and General Conditions for Participation. **The stated company data and exhibits can already be recorded and published.** We indicate the name of the company for which we are requesting co-exhibitor status on the attached form.

Place and date _____

Company stamp and authorized signature of direct exhibitor _____

1. Source materials

1.1 Additives

- 1.1.1 Chemical additives
- 1.1.2 Bioprocess additives
- 1.1.3 Plant-based additives
- 1.1.4 Miscellaneous additives

1.2 Excipients

1.3 Primary packaging

- 1.3.1 Aerosol packages
- 1.3.2 Films
- 1.3.3 Glass containers
- 1.3.4 Tubes
- 1.3.5 Plastic packaging
- 1.3.6 Miscellaneous primary packaging

1.4 Secondary packaging

- 1.4.1 Labels
- 1.4.2 Folding boxes
- 1.4.3 Instructions for use
- 1.4.4 Miscellaneous secondary packaging

1.5 Miscellaneous source materials

2. Laboratory and research

2.1 Plants and equipment for laboratory and research

2.2 Analytical equipment and systems

2.3 Laboratory installations

2.4 Miscellaneous laboratory installations and research

3. Production

3.1 Plants and equipment for the manufacture of solid products

- 3.1.1 Conveying and storage of solid products
- 3.1.2 Weighing and measurement of solid products
- 3.1.3 Size reduction, milling and screening
- 3.1.4 Mixing, granulation and drying of solid products
- 3.1.5 Pressing of solid products
- 3.1.6 Film coating and dragée-making
- 3.1.7 Miscellaneous plants and equipment for the manufacture of solid products

3.2 Apparatus and plants for the manufacture of liquid products

- 3.2.1 Conveying, pumping and storage of liquid products
- 3.2.2 Weighing and measurement of liquid products
- 3.2.3 Mixing and dispersing of liquid products
- 3.2.4 Miscellaneous apparatus and plants for the manufacture of liquid products

3.3 Apparatus and plants for the manufacture of semi-solid products

- 3.3.1 Conveying, pumping and storage of semi-solid products
- 3.3.2 Weighing and measurement of semi-solid products
- 3.3.3 Mixing, emulsifying and homogenization of semi-solid products
- 3.3.4 Miscellaneous apparatus and plants for the manufacture of semi-solid products

3.4 Apparatus and plants for the manufacture of sterile products

- 3.4.1 Aseptic process technology
- 3.4.2 Filters and filtration technology for sterile products
- 3.4.3 Sterilization equipment and technology
- 3.4.4 Sterilization in Place (SIP)
- 3.4.5 Miscellaneous apparatus and plants for the manufacture of sterile products

3.5 Apparatus and plants for the manufacture of bioprocess products

- 3.5.1 Upstream processing
- 3.5.2 Fermentation technology
- 3.5.3 Cultivation technology
- 3.5.4 Cell culture technology
- 3.5.5 Downstream processing
- 3.5.6 Bioprocess cleaning
- 3.5.7 Concentration technology
- 3.5.8 Miscellaneous apparatus and plants for the manufacture of bioprocess products

3.6 Clean rooms and accessories

- 3.6.1 Classical clean rooms
- 3.6.2 Modular clean rooms
- 3.6.3 Sluice systems
- 3.6.4 Walls, floors and ceilings for clean rooms
- 3.6.5 Filter systems for clean rooms
- 3.6.6 Clean room air conditioning
- 3.6.7 Containment
- 3.6.8 Insulators
- 3.6.9 Laminar flow systems
- 3.6.10 Clean room equipment
- 3.6.11 Clean room garments
- 3.6.12 Clean room monitoring
- 3.6.13 Clean room cleaning and disinfection
- 3.6.14 Clean room sterilization
- 3.6.15 Miscellaneous clean rooms and accessories

3.7 Water treatment plants and media

- 3.7.1 Purified water
- 3.7.2 Ultra-pure steam converters
- 3.7.3 Production of water for injection
- 3.7.4 Piping systems
- 3.7.5 Compressed air
- 3.7.6 Special gases
- 3.7.7 Miscellaneous water treatment plants and media

3.8 Plant control, process control and monitoring equipment

- 3.8.1 Automation
- 3.8.2 Measurement and control technology
- 3.8.3 Monitoring equipment
- 3.8.4 Measuring instruments
- 3.8.5 Metal detectors
- 3.8.6 Control equipment
- 3.8.7 Computer equipment and systems for production
- 3.8.8 MES systems
- 3.8.9 Miscellaneous plant control, process control and monitoring equipment

3.9 Materials and surfaces

- 3.9.1 Stainless steel
- 3.9.2 Plastic
- 3.9.3 Glass
- 3.9.4 Surface protection
- 3.9.5 Polishing and passivating
- 3.9.6 Surface analysis
- 3.9.7 Miscellaneous materials and surfaces

3.10 Accessories and tools for apparatus and plants

3.11 Production environment

- 3.11.1 Ventilation and climatization
- 3.11.2 Walls, floors and ceilings
- 3.11.3 Installations
- 3.11.4 Electrical equipment
- 3.11.5 Pipes
- 3.11.6 Pumps
- 3.11.7 Fittings
- 3.11.8 Valves
- 3.11.9 Storage technology and organization
- 3.11.10 Miscellaneous products for production environment

3.12 Miscellaneous production plants and equipment

4. Filling technology

4.1 Filling of solid products

4.2 Filling of liquid products

4.3 Filling of semi-solid products

4.4 Filling of sterile products

4.5 Miscellaneous filling technology and accessories

5. Packaging technology

5.1 Packaging technology and accessories

- 5.1.1 Blister packaging equipment
- 5.1.2 Bottle packaging equipment
- 5.1.3 Sachet packaging equipment

5.4 Miscellaneous packaging technology

6. Cleaning, hygiene and environmental monitoring

6.1 Cleaning

- 6.1.1 Cleaning equipment and plants
- 6.1.2 Cleaning agents
- 6.1.3 Cleaning processes (CIP)
- 6.1.4 Miscellaneous cleaning

6.2 Disinfection

- 6.2.1 Disinfection equipment and plants
- 6.2.2 Disinfectants
- 6.2.3 Disinfection processes
- 6.2.4 Miscellaneous disinfection

6.3 Environmental hygiene

6.4 Personnel hygiene

6.5 Environmental control and monitoring

- 6.5.1 Microbiological monitoring
- 6.5.2 Physical monitoring
- 6.5.3 Miscellaneous environmental control and monitoring

6.6 Miscellaneous cleaning, hygiene and environmental control

7. Environment, industrial safety and disposal

7.1 Environmental technology

- 7.1.1 Effluent equipment
- 7.1.2 Emission protection
- 7.1.3 Miscellaneous environmental technology

7.2 Industrial safety

- 7.2.1 Personal protection
- 7.2.2 Security
- 7.2.3 Explosion protection and plant safety
- 7.2.4 Miscellaneous industrial safety

7.3 Disposal

- 7.3.1 Waste disposal
- 7.3.2 Recycling
- 7.3.3 Miscellaneous disposal

7.4 Miscellaneous environmental technology, industrial safety and disposal

8. QC, QA and QM

8.1 Laboratory installations and equipment

- 8.1.1 Classical laboratories
- 8.1.2 Modular laboratories
- 8.1.3 Extractors
- 8.1.4 Air conditioning units and climatic cabinets
- 8.1.5 Laboratory furniture
- 8.1.6 Miscellaneous laboratory installations and equipment

8.2 Laboratory supplies

- 8.2.1 Laboratory chemicals
- 8.2.2 Expendables
- 8.2.3 Miscellaneous laboratory supplies

8.3 Analytical equipment and procedures

- 8.3.1 Chemical analytical instruments
- 8.3.2 Biological analytical instruments
- 8.3.3 Physical analytical instruments
- 8.3.4 Sampling equipment
- 8.3.5 Sample preparation
- 8.3.6 Miscellaneous analytical equipment and procedures

8.4 QM systems

- 8.4.1 Documentation and laboratory organization
- 8.4.2 Computer equipments and systems for QM
- 8.4.3 LIMS (Laboratory Information Management Systems)
- 8.4.4 Miscellaneous QM systems

8.5 Miscellaneous QC, QA and QM

9. Services

9.1 Contract research

9.2 Contract analysis

9.3 Contract manufacturing

9.4 Contract packaging

9.5 Logistics

9.6 Consultancy

- 9.6.1 Plant consultancy
- 9.6.2 Production plant consultancy
- 9.6.3 Computer and software consultancy
- 9.6.4 GMP consultancy
- 9.6.5 General management consultancy
- 9.6.6 Production process consultancy
- 9.6.7 Personnel consultancy
- 9.6.8 Approval consultancy
- 9.6.9 Miscellaneous consultancy

9.7 Engineering

9.8 Qualification

9.9 Validation

9.10 Facility management

9.11 Training

- 9.11.1 External training
- 9.11.2 In-house training
- 9.11.3 Miscellaneous training

9.12 Technical publications and other media

9.13 Associations, institutions

9.14 Miscellaneous services

Our products and/or services can be used in the following branches of industry:

- Pharmaceutical products
- (Natural) cosmetics
- High food/functional food

We accept all items of the enclosed Special and General Conditions for Participation. The stated company data and exhibits can already be recorded and published.

Trade Fair TechnoPharm 2011

Special Conditions for Participation

1. Venue, duration, opening hours

Venue: Exhibition Centre Nuremberg
Duration: Tue 11 – Thu 13 October 2011
Opening hours: Tue 11 – Wed 12 October 2011 9 a.m.–6 p.m. daily
Thu 13 October 2011 9 a.m.–5 p.m.

2. Honorary sponsor

APV
Arbeitsgemeinschaft für Pharmazeutische Verfahrenstechnik e.V.
Kurfürstenstraße 59, 55118 Mainz, Germany

3. Organizer

NürnbergMesse GmbH
Messezentrum, 90471 Nürnberg, Germany
Tel +49(0)911.8606-8940, Fax +49(0)911.8606-8281
technopharm@nuernbergmesse.de
www.technopharm.de
www.nuernbergmesse.de

4. Contractual terms

The terms for participation in the Trade Fair TechnoPharm 2011 are the Special and General Conditions for Participation in Fairs and Exhibitions (including supplementary Agreement), the NürnbergMesse site regulations, the organizational (e.g. exhibitor information), technical and other conditions notified to the exhibitor before the exhibition begins.

If NürnbergMesse provides additional exhibition services through a ServicePartner in response to a separate order, the general terms and conditions of business of the respective ServicePartner shall prevail over these Special Conditions for Participation in case of discrepancies.

5. Conclusion of contract

Stand space is ordered by returning the completed "Application" form. The rental contract between the exhibitor and the organizer comes into force on confirmation of the stand space by the organizer. Should the contents of the stand space confirmation vary from the contents of the application, the contract will be concluded according to the stand space confirmation.

If the exhibitor requests a stand position other than stated in the stand space confirmation, a processing fee of EUR 350 plus VAT at the statutory rate¹ will be charged.

The exhibitor agrees to pay a processing fee of EUR 250 plus VAT at the statutory rate¹ if the order for stand space is cancelled prior to receipt of the stand confirmation.

Cancellation after receipt of the stand space confirmation (= admission) is governed by item 7 of the General Conditions for Participation in Fairs and Exhibitions.

6. Exhibitors and approved exhibition goods

Admissible as exhibitors are: manufacturers, importers, wholesalers, representatives and publishers, domestic and foreign, offering only those products and services that can be assigned to the product groups provided. All exhibition goods must be described in detail in the application. Products (copies, counterfeits, etc.) that violate the regulations for the protection of industrial property rights in Germany are not admitted.

7. Rental in exhibition halls

per m² (or part thereof) stand space

EUR 189	In-line stand	(1 side open)
Surcharge 10%	Corner stand	(2 sides open)
Surcharge 20%	Head stand	(3 sides open)
Surcharge 30%	Block stand	(4 sides open)

Minimum stand space is 12 m².

The type of stand allocated depends on planning; an entitlement to a certain type of stand does not exist.

Rental includes:

- Hire of the stand space during assembly, exhibition and dismantling.
- General guarding of the exhibition halls. General lighting of the exhibition halls. General cleaning of the passageways.

An administrative fee of EUR 0.60 per m² of stand space in exhibition halls will be charged and remitted to the AUMA (Association of the German Trade Fair Industry).

All charges plus VAT at the statutory rate¹.

8. Complete rental stand

All charges per m² of stand space (rounded up to nearest full m²), in addition to rental charge for stand space in exhibition halls (see item 7). All pictures are exemplary pictures.

Rental includes:

- Hire of complete stand: One of the four models of stand available can be selected on the enclosed order form "Complete rental stands".

You will find further models at www.standconfigurator.com.

All rentals plus VAT at the statutory rate¹.

The organizer is responsible for assembling and dismantling the complete rental stand.

The complete rental stand and its fittings must not be pasted over, nailed, painted or damaged in any way. The exhibitor is liable for damage done during the rental period and will be charged with the costs.

The basic type of complete rental stand can be fitted out additionally in the same system at extra cost.

The access data for the Online Service Centre including the order forms will be sent to the exhibitor in due time.

9. Payment conditions

Exhibitors are charged an advance payment of 25% of the expected stand space rental plus VAT at the statutory rate¹ on **confirmation of the application**. Payment is due by the date shown on the invoice.

The full stand space rental less the advance payment will be charged to exhibitors on **confirmation of the stand space**. The advance payment will be reimbursed in case of non-confirmation of the stand.

Invoices are payable in full. All payments are to be made in **EURO** without charges, quoting invoice number.

For subsequent changes to the invoice address for which the exhibitor is responsible, NürnbergMesse may charge a processing fee of EUR 50 plus VAT at the statutory rate¹.

An entitlement to occupy the allocated stand space exists only after payment of invoices in full. The exhibitor is to provide proof of payment.

10. Insurance

Exhibitors are obliged to make their own adequate insurance arrangements. Insurance for exhibitors (transport and duration of event) is advisable and can be arranged through a collective insurance contract taken out by the organizer.

The organizer bears the general liability risk for the event. The organizer is insured against liability for the duration of the exhibition, covering damage to property and injury to persons for which claims can be asserted against him on the grounds of statutory liability provisions.

11. Modification

The organizer reserves the right to cancel, postpone or relocate the exhibition, to shorten or lengthen the exhibition, or for technical, official or other in the opinion of the organizer compelling reasons to assign to the exhibitor another space or to modify and reduce the size of the space. A withdrawal from the contract resulting from these actions will not be accepted.

12. Assembly and dismantling, passes

Assembly: Fri 7 – Mon 10 October 2011 7 a.m. – 7 p.m. daily
Exhibition stands for which assembly has not commenced by 3 p.m. on Monday, 10 October 2011, will be decorated by the organizer, if they cannot be otherwise disposed of. Costs incurred will be charged to the exhibitor.

Dismantling: Thu 13 October 2011 from 5 p.m. non-stop

Fri 14 – Mon 17 October 2011 7 a.m. – 7 p.m. daily

Access to the halls during assembly and dismantling times is only permitted on display of special passes, which are not valid during the exhibition.

13. Stand design

The exhibitor is responsible for stand equipment and decoration.

The overriding principle for the design of all exhibition stands is transparency. All open sides of the stand must be freely accessible.

This means that at least **50%** of the respective gangway side must **not** be obstructed **by structures** or fittings.

The minimum height is 2.50 m.

The backs of stand partition walls, advertising carriers or other design elements facing neighboring stands and exceeding a height of 2.50 m must be white, in a clean and tidy condition and must not contain any text or graphics.

Stands exceeding the height of 3.50 m require the approval of the organizer.

The maximum stand height is 5.80 m.

If the rental exhibition stand is not used, a fascia (0.30 m high) must be fitted on all open sides of the exhibition stand. The fascia is not required, if the necessary stand appearance is provided in some other way.

The exhibition organizer reserves the right to give further instructions concerning the design of stands.

Only water-soluble adhesive may be used on the fiber board stand partition walls and these may not be painted unless they have first been covered with wallpaper. After the exhibition, wallpaper or other finishing material must be removed by the exhibitors, otherwise exhibitors will be charged with the costs.

All other stand partition walls, floors, hall walls, pillars, installations, fire-fighting equipment and other permanent hall fixtures must not be pasted over, nailed, painted or damaged in any way.

The exhibitor is liable for damage done and will be charged with the costs. Pillars, installations and fire-fighting equipment within the stand are part of the allotted stand space and must be accessible at all times.

Trade Fair TechnoPharm 2011

Special Conditions for Participation

(Continued)

Floor coverings in the stands are only to be fixed with double-sided adhesive tape (following tapes are to be used: tesafix no. 4964).
The exhibitor agrees to comply with these conditions. Non-compliance may result in claims for damages by the organizer or the neighboring exhibitors affected.

14. Exhibitor passes

Each exhibitor will be given free passes according to stand size for his exhibition stand and operating personnel. 3 passes will be issued for up to 10 m² stand space, plus 1 pass for each further full 10 m², up to a maximum of 10 free passes. Any additional exhibitor passes needed can be purchased for entitled persons at a price of EUR 15 each including VAT at the statutory rate¹.

15. Print communication package for exhibitors (= direct exhibitors)

The organizer provides each exhibitor with a print communication package containing the following services:

- Entries in the alphabetical list of exhibitors and list of products in the **print exhibition catalog** (subject to the General Conditions for Entries and Advertisements in the Exhibition Catalog)
- Display of exhibitor's **press releases** in the press center
- Entry of company name and stand number of exhibitor in the **exhibition guide** (issued free to all visitors)
- Provision of ready-to-use **mailings** for visitor acquisition activities
- **Basic advertising material package** containing 100 admission vouchers (printed with company name and stand number of exhibitor), 100 visitor brochures and 500 advertising stickers (printed with stand number of exhibitor). Only admission vouchers exchanged for tickets by visitors are charged at EUR 8 plus VAT at the statutory rate¹ each.

● Free copy of **exhibition catalog**

The exhibitor agrees to purchase the print communication package at a price of EUR 375 plus VAT at the statutory rate¹. This will be charged together with the stand rental. No reduction in price can be granted if only parts of the package are used.

16. Online communication package (basic entry) for exhibitors (= direct exhibitors)

The organizer provides an **Internet entry** on the exhibition Web site for each exhibitor. This entry is activated for **approximately one year** – including after the exhibition – and includes the following services:

- Entry of **company name, address, hidden e-mail address and logo**
- Presentation of **5 products or services** with one photo, one film and one text of maximum 4,000 characters per product or service
- Possibility of continuously marking 5 products or services as **new products**
- **Company profile** (maximum 4,000 characters)
- Unrestricted assignment to the **product groups** (list of products) and branches of industry
- **Link** from the exhibition Web site to the exhibitor's Web site. The exhibitor connects a **return link**.
- Entry of company name and stand number in the **online floor plans**
- Possibility of continuously **updating** the Internet entry
- All-year-round **support** by the Internet editing team

The exhibitor also receives the following online advertising aids:

- **Online banner** with exhibitor's stand number

The exhibitor agrees to purchase the online communication package at a price of EUR 350 plus VAT at the statutory rate¹. This will be charged together with the stand rental. No reduction in price can be granted if only parts of the package are used.

17. Co-exhibitors

Co-exhibitors are companies who appear on the exhibitor's (= direct exhibitor's) stand and present their own products with their own personnel. Their independence must also be recognizable without physical separation.

Co-exhibitors are only admissible if they fulfill the conditions for participation in the event and the information requested on the application form for co-exhibitors has been entered in full.

Co-exhibitors are subject to the same conditions as the exhibitor.

18. Print communication package for co-exhibitors

The organizer provides each co-exhibitor with a print communication package.

- See item 15 for services included in package

The exhibitor agrees to pay a participation fee and purchase the print communication package at a total price of EUR 475 plus VAT at the statutory rate¹ for each co-exhibitor registered by him. This will be charged together with the stand rental or at a later date. No reduction in price can be granted if only parts of the package are used.

19. Online communication package (basic entry) for co-exhibitors

The organizer provides an **Internet entry** on the exhibition Web site for each co-exhibitor. This entry is activated for **approximately one year** – including after the exhibition.

- See item 16 for services included in entry

The co-exhibitor also receives the following online advertising aids:

- See item 16 for aids provided

The exhibitor agrees to purchase the online communication package for co-exhibitors. The fee of EUR 350 plus VAT at the statutory rate¹ for each co-exhibitor is charged to the exhibitor. No reduction in price can be granted if only parts of the package are used.

20. Entries in the print exhibition catalog and industry platform www.ask-TechnoPharm.de

Charges for entries in the alphabetical list of exhibitors and list of products in the print exhibition catalog are included in the price for the print communication package (see item 15 for direct exhibitors and item 18 for co-exhibitors). Charges for the basic entry in the industry platform www.ask-TechnoPharm.de are included in the price for the online communication package (see item 16 for direct exhibitors and item 19 for co-exhibitors).

Information about the entries of the direct exhibitor is made by sending in the completed forms A, B and C of the application form for TechnoPharm 2011. Information about the entries of the co-exhibitor is made by sending in the completed forms D, B and C of the application form for TechnoPharm 2011.

The entries stated are published in the print exhibition catalog and industry platform www.ask-TechnoPharm.de. Entries in these lists are only possible for direct and co-exhibitors.

The direct exhibitor can subsequently supplement, change or delete entries of products or services as well as entries in the list of products in the Online Service Center, however, for the print exhibition catalog this is only possible until the end of July 2011.

This deadline also applies if the direct exhibitor sends in the completed forms belatedly or applies for a stand space after this date. In this case no claim exists for an entry in the print exhibition catalog. However, the obligation to purchase the print communication package remains unaffected hereof.

The log in data for the Online Service Center will be sent to the direct exhibitor in good time.

The exhibitor is responsible for the content of entries in the print catalog and industry platform www.ask-TechnoPharm.de and for any damages arising out of such content. He is also responsible for the legal admissibility of the text documents provided for insertion. The industry platform www.ask-TechnoPharm.de is subject to the legal notices published by the industry platform regarding copyrights, trademark rights, liability/guarantee, links, deep links and frames. The print exhibition catalog and industry platform www.ask-TechnoPharm.de are published by NürnbergMesse.

NürnbergMesse and its subcontractors receive and check the

entries in the print exhibition catalog and industry platform

www.ask-TechnoPharm.de with the customary amount of care,

but shall not be liable if misled or deceived by the customer.

NürnbergMesse and its subcontractors are only liable for accidental

omissions, printing errors, faulty workmanship of any kind, etc. if

such defects can be proved to have been caused by intent or gross

negligence. The exhibitor must assert claims against the publisher for

any defects apparent by not later than two weeks after the start of

the exhibition. Exhibitor claims for defects and/or damages expire by

statutory limitation after a period of one year. The periods of statutory

limitation are based on legal regulations.

21. Exhibition priority

An application for exhibition priority for this event has been submitted to the Federal Ministry of Justice. The priority certificate protects certain patent rights until submission of an application to a patent office in Germany or abroad.

22. Exhibitor claims, written form, place of fulfillment, jurisdiction

All exhibitor claims against the organizer must be made in writing. The statutory period of limitation begins on the last day of the exhibition.

Agreements that deviate from these or supplementary terms must be in writing.

German law and the German text shall prevail.

Place of fulfillment and jurisdiction is Nürnberg. However, the organizer reserves the right to bring his claims before the court of the place at which the exhibitor has his place of business.

General Conditions for Participation in Fairs and Exhibitions

In case of disagreement, the Special Conditions for Participation shall have priority over the General Conditions for Participation.

1. Application

Applications to exhibit at a fair or exhibition (event) must be made on the official printed application form, which must be accurately completed and signed in legally effective manner. Such an application constitutes a contractual offer to the organizer.

By signing this form, the General and Special Conditions for Participation are recognized as binding by the applicant, who is also responsible and liable for adherence to the said conditions by persons employed by him at the event.

2. Admission

Admission of exhibitors and listed exhibits is a matter for the sole discretion of the organizer, who will confirm same in a written stand space confirmation. This is mechanically printed and signed and valid without written signature. The contract comes into force on confirmation of admission. Reservations or conditions stipulated in the application are invalid without the written confirmation of the organizer.

If the content of the confirmation of admission differs from the content of the application form, the contract is concluded in accordance with the confirmation of admission if the exhibitor does not object in writing within 2 weeks of receipt. A legal entitlement to admission does not exist. If the number of suitable applications received by the organizer before the application deadline exceeds the amount of space available, admission will be decided at the discretion of the organizer. The organizer is also entitled to limit the listed exhibits.

Admission applies only to the listed exhibits, the exhibitors specified in the confirmation of admission and the space stated therein. Other items than those listed and admitted cannot be exhibited.

3. Allotment of space

Allotment of space will be made by the organizer in accordance with the product groups and arrangement of the event concerned and subject to the space available. Siting requests made in the application form will be considered as far as possible. Order of receipt of applications will not be the sole deciding factor for allotment of space.

The organizer is entitled, if necessary, to alter the size, shape and position of the allotted space. He will notify exhibitors of the necessity for such alteration immediately and, if possible, offer a comparable space elsewhere in the exhibition. If this entails an alteration in the stand rental, reimbursement or additional payment shall result. Exhibitors are entitled to withdraw their application within 2 weeks of receipt of such notification. Exhibitors must accept that the location of other stands at the beginning of the fair or exhibition may have altered since the time of admission; no claim may be made on account of such alterations. Exchanging the allotted space with that of another exhibitor or transfer to a third party, even only in part, is not allowed without the permission of the organizer.

4. Joint exhibitors

Stand spaces are hired only as complete spaces and only to one contractual partner. Exceptions may be made to this rule, if necessary.

If several exhibitors wish to share a stand space, they must name a representative in their application form who is authorized to act on their behalf in negotiations with the organizer.

5. Co-exhibitors

The use of the stand space by another company with its own products and personnel (co-exhibitor) requires a separate application and admission by the organizer. Admission of one or more co-exhibitors is subject to a special fee. Responsibility for ensuring that co-exhibitors fulfill all their commitments shall rest with the principal exhibitor, if applicable, in addition to the co-exhibitor.

6. Stand rental, lien

Stand rentals and terms of payment are shown in the Special Conditions for Participation.

Payment of the stand rental must be made in accordance with the dates laid down before the allotted space may be occupied. Complaints about the invoice can only be considered if they are submitted within 14 days of invoicing.

The organizer is entitled to exercise his right of lien and sell any distrained property on the open market after written notice of intention. No liability will be accepted for damage to seized items unless deliberate or caused by gross negligence.

7. Withdrawal of application, cancellation of part of stand space

If the exhibitor withdraws his application, cancels part of the stand space or does not participate in the event, the organizer is entitled to use the hired stand space or the cancelled part of the space for other purposes and relet to third parties.

If the exhibitor possesses no mandatory withdrawal or termination right, he still remains obliged to pay the following cancellation fee on cancellation or partial cancellation after admission has been confirmed:

- up to 90 days before the start of the event 50%
- up to 30 days before the start of the event 80% and
- less than 30 days before the start of the event the full amount of the agreed rental for the cancelled stand space.

In each of the above cases, the exhibitor retains the right to prove that the organizer has saved costs not considered in the deduction and has benefited as a result of the cancellation, partial cancellation or non-participation. If other free spaces of the size let to the exhibitor are still available for the event, the exhibitor may not normally claim that the organizer has benefited from reletting the stand space or part of it or using it for other purposes, especially in terms of the rental obtained.

8. Cancellation of admission

The organizer is entitled to cancel confirmation of admission and relet the space elsewhere in the following cases:

- The stand is obviously not occupied in good time, i.e. at least 24 hours before the official opening of the event.
- The exhibitor fails to pay the stand rental at the agreed time and allows a period of grace granted by the organizer to lapse without result.
- The conditions for stand space confirmation are no longer fulfilled by the registered exhibitor or the organizer receives knowledge of grounds which would have justified exclusion if they had been disclosed earlier.
- The exhibitor infracts the organizer's site regulations.

The organizer reserves the right to assert claims for damages in such cases. The exhibitor has no entitlement to claim damages.

9. Cancellation of rental exhibition stands and other services

Once admission has been confirmed, the exhibitor must pay charges even if he withdraws his application or does not exhibit. The organizer also reserves the right to assert claims for damages. If the exhibitor cancels the order for rental exhibition stands and/or other services, the following cancellation fee is payable based on the value of the order.

- 90 days to 15 days before the start of the event 25%
- 14 days to 1 day before start of assembly (see Special Conditions for Participation) of the event 80%
- the full amount is payable from the start of the assembly period.

The exhibitor retains the right to prove that the requested compensation for costs incurred is too high.

10. Exclusion of exhibits

The organizer is entitled to demand the removal of items which have not been listed in the application form or prove to be dangerous, a cause of annoyance or otherwise unsuitable, or which can be proved to be a violation of industrial property rights. If this demand is not complied with, the said items will be removed by the organizer at the expense of the exhibitor. If a violation of industrial property rights by an exhibitor is proved (e.g. on the grounds of a valid court ruling against the exhibitor), the organizer may exclude the exhibitor from participating in a subsequent event.

11. Stand assembly, equipment and design

Stands must conform to the overall layout of the exhibition. The organizer reserves the right to forbid the erection of stands which are unsuitable or inadequate or to alter them at the exhibitor's expense.

Stands must be properly equipped and manned by qualified personnel at the specified times for the entire duration of the event. Stand fitting must be completed at the latest by the end of the period allowed for stand assembly and stands cleared of any packing materials. Removal of exhibits or dismantling of stands before the end of the event is not permitted.

Names and addresses of exhibitors must be clearly displayed on the stands. In case of discrepancies, the Special Conditions for Participation prevail over the General Conditions for Participation.

The approval of the organizer is needed if stand constructions exceed the specified height limits for stands. Consent is also needed for particularly heavy exhibits. Fixing to the hall floor is not permitted.

After the official closing of the event, basic items, insofar as these have been provided by the organizer, must be returned undamaged and in their original condition. Damage caused through negligence or not immediately notified at the time of occurrence must be indemnified by the exhibitor. Exhibits which still remain on the stands after the end of the period allowed for dismantling may be removed and stored at the exhibitor's own expense.

General Conditions for Participation in Fairs and Exhibitions

(Continued)

12. Force majeure, cancellation of event

If the organizer is prevented from holding the event for reasons of force majeure or other circumstances beyond his control, he is required to notify the exhibitors accordingly without delay.

Basically, the claim to stand rental is voided, but the organizer may charge the exhibitor for work carried out to his order to the extent of the costs incurred, insofar as the result of such work may still be of interest to the exhibitor.

Should the organizer be in a position to hold the event at a later date, he is likewise required to notify the exhibitors to this effect without delay. Exhibitors are entitled to cancel their participation in the event at the new time within two weeks of receiving such notification, in which case they are entitled to refund or cancellation of the stand rental.

If the organizer is compelled to curtail or cancel an event for reasons of force majeure or other circumstances beyond his control after it has commenced, the exhibitor has no claim to any refund or cancellation of the stand rental.

13. Assembly and dismantling passes, exhibitor passes

Passes for exhibitors and workmen employed during the period of stand construction and dismantling will be issued to the exhibitor, if applicable. The validity of these is limited solely to the assembly and dismantling periods and does not cover admission during the event.

A limited number of free exhibitor passes will be issued to exhibitors and their employees for the period of the event.

These passes will be made out in the name of the persons concerned and must be signed. They are not transferable and only valid in conjunction with an identity card. Misuse of the passes will lead to their being withdrawn.

The number of passes issued is not increased by the inclusion of co-exhibitors. Additional passes are obtainable against payment.

14. Advertising

Advertising of all kinds is allowed only within the stand space rented by the exhibitor for his own firm and only for products and/or services produced or distributed by him, insofar as these have been listed in the application form and admitted.

The use of apparatus and equipment to achieve an increased advertising effect by optical and/or acoustic means requires the written consent of the organizer.

Advertising outside the stand space rented by the exhibitor is only possible as part of the advertising and sponsoring measures offered by the organizer.

Advertising of a political nature is forbidden.

15. Photographs, drawings, films

The organizer is entitled to have photographs, drawings and films made of the exhibition, exhibits and exhibition constructions and stands and to use these for publicity or press purposes without exhibitors being able to object for any reason. This also applies to photographs produced directly by the press or television with the consent of the organizer.

For photographs, drawings and films of stands against payment, exhibitors must only use service contractors authorized by the organizer and in possession of a relevant permit. Only these service contractors may be commissioned before or after the official daily opening hours. Other service contractors are not admitted during these hours.

Exhibitors are not permitted to produce photographs, drawings and films of the stands and exhibits of other exhibitors.

16. Direct selling

Direct selling is not allowed unless expressly permitted by the Special Conditions for Participation, in which case objects for sale must be marked clearly with their prices. Exhibitors are responsible for ensuring that they obtain the necessary permits from the relevant trade and health authorities and comply with regulations.

17. Cleaning

The organizer is responsible for general cleaning of the grounds and hall passages. Stand cleaning is the responsibility of exhibitors and must be completed daily before the opening of the event. Exhibitors are to use the service contractor engaged by the organizer for stand cleaning.

18. Supervision

The organizer will arrange general supervision in the exhibition center. This shall not affect the liability provisions of item 19.

Exhibitors are strongly recommended to make their own arrangements for the security of their stands and exhibition items and effect appropriate insurance cover. Valuable items which can be easily removed should be locked away at night.

Additional stand supervision is available at the exhibitor's own expense by using the service contractor engaged by the organizer.

19. Liability, insurance, accident prevention

The organizer bears unlimited liability only in cases of intent or gross negligence and for damages due to loss of life, bodily injury or damage to health.

In all other cases the organizer shall be liable only

- in the event of a breach of cardinal obligations. Cardinal obligations are obligations of fundamental importance for the proper execution of the contract and which the exhibitor can expect to be regularly fulfilled;
- if the organizer is legally obliged to take out liability insurance cover or this is usually the case;
- if the organizer has claimed a special degree of trust or occupies a qualified position of trust.

In these cases, however, the organizer is only liable for typical foreseeable damage (hence not usually liable for consequential damage) and then only up to a limit of EUR 100,000 for each case of damage. The liability limitation applies only to businessmen, juristic persons under public law and special public assets. Moreover, liability due to slight or ordinary negligence is excluded. This liability limitation also applies to the conduct of the organizer's performing and vicarious agents. The exhibitor/co-exhibitor or joint exhibitor is liable for any damage to persons or objects caused culpably by himself, his employees, his representatives or his exhibits and equipment.

The exhibitor is obliged to fit the exhibited machinery and equipment with safety devices complying with the accident prevention rules of the appropriate professional associations. The organizer is entitled to prohibit the exhibition or operation of machinery and/or equipment at his discretion.

20. Protection of industrial property rights

Protection of copyright or other patent rights of exhibits is the responsibility of the exhibitor. A six-months period of protection from the beginning of an exhibition by reason of the law relating to the protection of inventions, samples and trade marks of 18 March 1904 (RGBl. page 141) only takes effect if the Federal Minister of Justice has published a relevant announcement in the Bundesgesetzblatt (Federal Law Gazette) for the event concerned (see Special Conditions for Participation, Exhibition priority).

21. Site regulations, contraventions

Exhibitors agree to accept the site regulations during the event in all parts of the exhibition center. The instructions of the organizer's employees, who possess official identity cards, must be complied with.

Contraventions of the General and Special Conditions for Participation or instructions within the framework of the site regulations shall entitle the organizer, if such contraventions continue after warning, to immediate closure of the stand at the exhibitor's own risk and expense and without claim to compensation.

22. Place of fulfillment and jurisdiction

The place of fulfillment is Nürnberg. The same applies to the place of jurisdiction when the exhibitor is a merchant in his own right or a juristic person under public law or does not have a general inland place of jurisdiction. The organizer is also entitled to take legal proceedings against the exhibitor at the exhibitor's general place of jurisdiction.

23. Data protection

Personal data are collected, processed and used by the organizer and, if applicable, by service partners in accordance with the provisions of the German Federal Data Protection Act and other relevant data protection regulations for the purpose of providing support and information for customers and potential customers and for handling the services offered. In submitting the application the exhibitor consents to the use of his e-mail address.

24. Severability clause

If any provisions of these Conditions for Participation are partially void or incomplete, this shall not affect the validity of the remaining provisions and the contract. In such cases, the parties agree to replace the void or missing provision by a provision that most closely relates to the business purpose intended by the parties.

Supplementary Agreement to the General Conditions for Participation in Fairs and Exhibitions

Bavarian Venue Regulations

Application in the Exhibition Center Nuremberg

1. Assurance of public safety and order

The exhibitor shall comply with all public safety regulations, in particular with the Bavarian Venue Regulations. The exhibitor is obliged to exhibit only properly maintained and protected equipment and exhibits in the exhibition halls and these must comply with all statutory regulations on the technical safety of equipment.

2. Emergency routes

Emergency routes in the exhibition halls must be kept clear at all times, including during assembly and dismantling. Contraventions will be fined.

3. Articles used in the halls

Requisites, decorations and other articles must be made of fire-resistant material. Pyrotechnic articles, combustible liquids and other combustible material, especially packaging material, may only be kept in special areas provided by NürnbergMesse.

The operation of laser systems is subject to compliance with the relevant industrial safety regulations, including in areas accessible for visitors.

4. Fire regulations and safety concept

NürnbergMesse has issued fire regulations, which are displayed throughout the exhibition centre and are part of the contract.

In connection with the enforcement of the Bavarian Venue Regulations, NürnbergMesse in consultation with the responsible authorities will draw up a safety concept, which will be implemented by separate arrangements as part of the existing contracts.

5. Security staff, security manager

The maintenance of public safety and compliance with the requirements of the Bavarian Venue Regulations are monitored by special security staff; the security manager is authorized to issue binding instructions, especially if the safety of the event is at risk.

6. Event director and event equipment director

The event director appointed by NürnbergMesse shall ensure compliance with the public safety regulations and particularly the Bavarian Venue Regulations. The event director is also authorized to close the event. Compliance with instructions issued by the event director is compulsory.

The name of the event director and his deputy must be announced in writing a suitable period of time before the respective event.

The event director shall be informed immediately of any special occurrences that could adversely affect the safety of the event.

The event equipment director must ensure the safety and operability of the technical facilities at the venue in terms of fire prevention during the official opening times of the event.

The event director or his deputy shall be present personally throughout the official opening time of the event, and the event equipment director or security manager shall be present during the assembly and dismantling periods as well.

7. Safety instructions

The regulatory authorities, event director, event equipment director and security manager are authorized to issue instructions within the framework of the safety regulations. Compliance with these instructions is compulsory.

Bavarian Health Protection Act

Application in the Exhibition Center Nuremberg

1. **No general ban on smoking** applies in the halls and service areas of the Exhibition Center Nuremberg.
2. Smoking is prohibited in congress halls, conference rooms, restaurants, cafeterias and mobile catering areas in halls.
3. Smoking is prohibited on exhibition stands if food and drinks are **sold** there.
4. Smoking is prohibited at cultural and sport events or events similar to sport events.
5. The individual exhibition or congress organizer may deviate from this ruling and prohibit smoking at his event.
